SYNACT Accelerate for Teams

Unleash the power of teamwork

Teamwork is how work gets done. Today, people who work as teams are more likely to be high performers: working faster, iterating quicker, and accomplishing more.

Microsoft Teams is the collaboration tool that enables teamwork at all levels of your organization. With SYNACT Accelerate for Teams, we will help you unlock and adopt tools that make it easy for your business to work, share, chat, and achieve more.

Quick Launch: Accelerate for Teams

Promote teamwork with our Accelerate program to enable Teams in your organization. The program includes designing best practices, customizing Teams to meet your needs, and building an adoption plan to jump start your journey to modern and effective teamwork.

Design Best Practices
Outline scenarios to help your organization maximize Teams

Power On Teams
Enable and customize Teams in your Office 365 environment

Train & Adopt
Materials and resources to get users onboard and up to speed quickly

Why SYNACT?

With Microsoft Teams you'll unleash the power of teamwork, and SYNACT is here to get you started on the right foot. We have extensive experience in driving value from Microsoft's teamwork solutions. Our experience with Office 365, specifically Microsoft Teams, will help you build a culture of collaboration that empowers your employees while adhering to the growing security and compliance requirements. As your partner, we provide guidance and insights you can use to help your employees drive adoption and make the best use of Microsoft Teams within your organization.

Microsoft Teams

The hub for teamwork in Microsoft 365

✓ **Chat, calls & meetings for today's teams**
Communicate in the moment and keep everyone in the know.

✓ **Integrated Office 365 experience**
Manage all your conversations, files, and tools in one team workspace.

✓ **Customizable and extensible**
Tailor your Teams workspace to include data and apps your teams use every day.

✓ **Enterprise security, compliance & manageability**
Enable security, compliance, and management features you expect from Office 365.
